Decarbonising mobility in Cumbria UK

Join us in Carlisle and online on 22 and 23 November 2022 to explore the challenges and opportunities for developing zero-carbon mobility systems. With a focus on Cumbria, researchers, policymakers, youth and community groups and businesses are coming together to ask how place-based innovation can drive change and to share lessons learnt. 22 November (9am to 5:30pm) - Symposium: you are invited to join lively discussions of what might work where, for whom, and why, when it comes to decarbonising mobility in Cumbria, and exchange lessons learnt and knowledge about place-based decarbonising efforts elsewhere. Register now to join in person or online (deadline: 15 November - all welcome):
